Mercer University, Student Affairs – Housing & Residence Life Fire Safety

Fire Safety Training, Documentation, & Notification

· Fire Drills are scheduled 2 times per academic year. The first drill is held in the Fall semester (within the first two weeks of students arrival on campus). The second drill is held at the start of the Spring semester (within the first 2 weeks of their return from the holiday break).

· An incident report is created for a fire alarm incident or actual fire occurring in a Mercer residence facility, & entered into the Residence Life Professional Staff Duty Log.

· Actual fires must be promptly reported to the Mercer Police Department.

· Building staff (both Resident Assistants and Area Coordinators) report fire alarm incidents and actual fires to the Assistant Director of Residence Life, who initiates notification procedures to appropriate university administration officials.

Emergencies

In an emergency situation, dial 2911 from any campus phone for immediate assistance from the Mercer Police Department.

· For non-emergencies, dial 301-2970, the Mercer Police administrative line.

· In the event of a campus-wide emergency, the Office of Residence Life will serve as the campus command center disseminating information to the entire campus student community.

Procedures in the Event of Fire

Your first priority should be to get yourself out of the building safely. If any of the following actions will jeopardize your well being, exit the building promptly and do what you can to aid the situation outside. During a fire alarm, all occupants of the building should vacate that facility immediately and assume a position that is a substantial distance from the perimeter of the facility. Failure to vacate a facility with a centralized fire monitoring system is a violation of Mercer University Police and of Federal Law. Violators will be held accountable through the University’s Judicial System. If you discover or strongly suspect a fire

(1) In a residence hall, apartment, or other university building, go to the nearest pull box and activate the alarm system if it has not already been activated.

(2) Call Mercer Police at (478) 301-2970 and report your name, the fact you are a RA and the area and nature of the fire.

(3) If practical, isolate the fire by closing doors in the vicinity.

(4) Proceed to evacuate the building according to the building evacuation plan. Quickly knock on residents’ doors to make sure all residents have left the building. Assist any students with disabilities if you are able. (It is also a good idea to ask several other residents to check on any disabled students in case of fire and you’re not there.)

(5) Move to the designated area within each residence hall where the staff meets when there is a fire alarm. (Check with your RLC to learn where your area is.) It is important for all staff to know who is available during the crisis and can assist when necessary.

(6) When fire fighters arrive, tell them who you are and your title; inform them about the type of fire and its location, and also the possibility of people trapped by the fire. Unless the fire fighters authorize you to assist in any further evacuation area, remain outside with residents until the fire fighters give permission to return to the building.

(7) Document the situation in an incident report and submit the report to your RLC immediately.
Note: if you are ever in doubt if something is or is not on fire, pull the alarm. If you see smoke, go ahead and pull the alarm. A minute or two of hesitation could be very costly. Even if the fire appears to be out, it may flare up later and need to be properly disposed. Also always use good judgment in any attempt to extinguish a fire.

**When you hear a fire alarm…**

1. **Always** assume that it could be a real fire.
2. Call Mercer Police and the professional staff member on-duty.
3. Proceed to the staff designated meeting area and await instructions from the professional staff member or Mercer police.
4. If it is determined to be a false alarm, the alarm will be silenced and Mercer Police, fire fighters or the professional staff member on-duty only will instruct residents when they can return to the building.
5. Assist with crowd control until given instructions to return to the building.
6. Document the situation in an incident report and submit it to your RLC immediately.

**If it is an announced fire drill…**

1. Do not call Mercer Police or the professional staff member on-duty.
2. Knock on each resident's/suite door as you leave the floor.
3. As quickly as possible while still being thorough you need to check each room:
   a. Knock; identify yourself as Residence Life, and key into each space.
   b. If you find someone take their information, ask them to leave the building, and fill out an incident report after the drill. If you find no one, continue on.
4. If you are an assisting staff member who is not conducting room checks stand near an exit, make sure that everyone is safe distance away from the building, and that no one re-enters the building until the clear signal is given.
